Don't Proceed With Nuclear Deal

The Central Committee heard a report from the Polit Bureau on the developments regarding the Indo-US nuclear deal. The Central Committee reiterated the stand adopted unanimously by it in its August 22-23 meeting which asked the government not to proceed with taking the next step of negotiating the text of a safeguards agreement with the International Atomic Energy Agency. The UPA-Left Committee on the nuclear issue is examining the various aspects of the Hyde Act and its implications for foreign policy and security related matters.

The UPA government should not proceed further on the next steps with regard to the nuclear deal till it can be discussed in the Winter session of parliament.

The Central Committee authorized the Polit Bureau to take appropriate measures to see that the Central Committee's stand is implemented.
